Attach GrifTek Bracket to items such as a pipe or wood stake w/supplied Zip Ties & Screws.

The PowerPost\* is a great option!

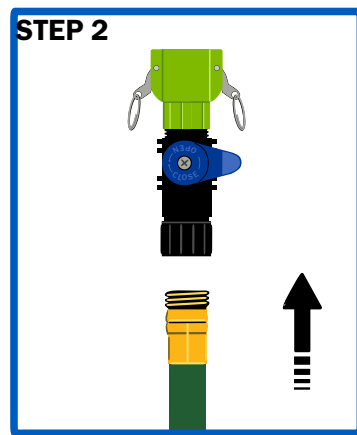

The Mini-wobbler spray head can now be secured on the GrifTek Bracket, flipping up the levers on the camlock.

3 Interchangeable Sprinkler heads can disperse a full 360 spray from mist to large droplets up to 60'.

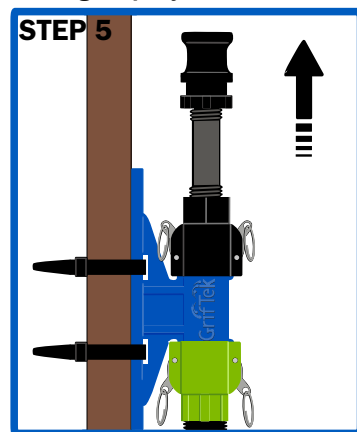

Screw on the Optional Open/Close Valve\* to your garden hose securely.

High-quality Commercial-strength!

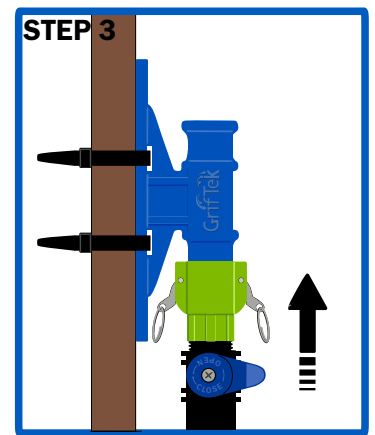

Or...add a Vertical Riser\* to add height with 12", 18", and 24" options before adding a spray head.

Covering all your irrigation needs, from ground cover to large foliage!

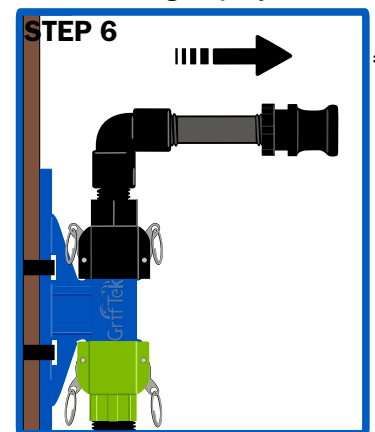

Secure the Open/Close Valve to the Griftek Bracket by sliding the camlock upwards, then flipping down the levers.

Everything is Plug-N-Play!

Or...add a 90° Elbow\* to the GrifTek Bracket or Riser, to extend lateral reach before adding a spray head.

Solutions for all your watering needs, extending saturation zones!
